

# Student Contract: Night of the One Acts

I understand that the one acts production requires countless hours of rehearsal and dedication. I also understand that my role, no matter how big or small, is a crucial segment of the entire production. I intend to dedicate both my time and my energy to memorizing my lines and stage directions. I will come to each rehearsal prepared with my scripts, a pencil, and a highlighter. I will attend all afternoon rehearsals. I will attend any scheduled weekend rehearsals and extended tech rehearsals in the weeks before the performance. (Please see the November calendar and the schedule below.) I will behave appropriately during rehearsals. I will be respectful of my peers and my directors.

I understand that I am making a commitment to a group. If in any way I fail to fulfill my part of the bargain, I understand that I may lose my role(s) and/or be asked to remove myself from the performance group.

***(Please note, if you have any religious obligations that will prevent you from attending part of any of the tech rehearsals listed below, you must advise the director upon your signing of the contract.)***
